

Invitation

The American Institute of Architects Continuing Education System

AIA/CES Registered Provider Program Summary Handout

Provider: Praxis Companies, LLC:
Comfort Designs & Aquarius Bathware
Length: 1 Hour
Program #: Praxis1

Credits: 1 LU Hour
Program: Accessible Showers – An
Overview with Highlights
HSW: Yes

Description: The presentation is on all types of accessible showers

Learning Objectives: To understand the need for, key features of, and problematic construction issues involved with accessible showers. At the end of the program the participants will understand user benefits based on size and design, the code issues impact on choice, material & fixture type and their impact on floor construction as well as available accessory options effecting user function, long term maintenance, safety and liability concerns.

How Taught: The CES facilitator utilizes a power point presentation to provide an in-depth overview complete with illustrations, drawings, job-site and product photos. An interactive “Fill-in the Blank” handout with the presentations power point illustrations allow notes to be taken on key issues increasing the learning experience.

A/V Needed: Electrical power & screen for the PowerPoint presentation. (The CES facilitator supplies the laptop and projectors.)

Target Audience: Architects, specifiers, mechanical engineers, owners and other design professionals in the commercial and residential market. The ideal audience can be one on one or over 50. This program meets most experience levels with time allotted for questions and answers.

Facilitator Qualifications: All Praxis Commercial products CES facilitators (factory reps) have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training on accessible shower products, codes, installation and related accessories.

Costs: There is no cost to bring this program into your firm or chapter meeting.
